Now we know that time has come
When that tired old lie,
“Once an addict always an addict”,
will no longer be tolerated by; either
society or the addict.

“We do recover”

YP – Young People

Who is an Addict?

Most of us do not have to think twice about this question.
WE KNOW! Our whole life and thinking was centered in drugs
in one form or another, the getting and using and finding ways
and means to get more. We lived to use and used to live. Very
simply, an addict is a man or women whose life is controlled by
drugs. We are people in the grip of a continuing and progressive
illness whose ends are always the same: Jails, institutions
and death.
